

TOLL MANUFACTURING SERVICE

PT. SAMCO FARMA

What is Toll Manufacturing

Toll Manufacturing (Makloon)

Is manufacture product service for other companies in accordance with the specification have been determined by customer

Benefit of Toll Manufacturing

It's an on-demand service

allows companies to offer their services on-demand and at all times, as part of an arrangement that is beneficial for both the customer and the manufacturer

It's cost-effective

It allows them to keep the cost at just manufacturing, without having to factor in equipment costs, facility costs and employee salaries.

It's a time saver

Toll manufacturing can help you to get your products on the market as quick as possible, which may be especially helpful if products are in high demand and out of stock
